Product Sheet

Organic Gin

Oak matured Distilled Gin; 40 %vol

Produced and bottled by: Spirit of Hven, Sweden

Facts

Spirit of Hven organic gin is a true handcrafted distilled gin produced from fresh botanicals which are infused for 24 hours with the finest quality organic grain spirit. Following infusion, distillation is carried out in the unique Hven copper pot stills. The special design incorporating both helmets, baskets and columns promote the development of a fabulous organic distilled gin.

The result is an outstanding luxury gin with the delicate aromas and taste of citrus, juniper and grains of paradise.

The blended complex that is paramount to Spirit of Hven organic gin is a background of vanilla and spice which combines uniquely with the tradition of juniper. Oak maturation prior to the last distillation gives depth to the character.

***Spirit of Hven Organic Distilled Gin** can be served on ice with lemon and tonic or even drunk with the addition of water alone.*

This is a very special premium gin that takes quality one step further. Enjoy the experience and the new dimension.

A unique product on the market being the only organic wheat pot distilled gin working with oak maturation prior to last pot distillation.

The final product is bottled and hand-waxed on site at 40% ABV without any carbon- or chill filtering, no colour corrections or additives.

All bottles are individually numbered and checked before approval.

ORGANIC & ETHICAL TRADE
CERTIFIED BY SE-EKO-01

Flavour

The gin holds clear citric notes, still smooth distinct tone of Mauritian Bourbon Vanilla and Cassia bark. Fresh Swedish junipers give a round character, well balanced with Cardamom and Calamus root.

Sichuan pepper, Aniseed and Guinea pepper gives structure and edge.

This gin has a surprisingly long smooth aftertaste with gentle touch of Licorice and cut hay.

The heritage of the origin has clearly influenced the profile of this gin.

Spirit of Hven Backafallsbyn

Welcome to enjoy this unique Organic pot distilled spirit, made on the beautiful island of Hven situated in Öresund between Denmark and Sweden.

The distillery is also unique being only the third Pot Still distillery ever built in Sweden, and as you know third is a charm. The range in the distillery portfolio covers all from Eau-de-Vie's and Gin to Vodka and Rhum varieties.

But the heart and soul of the distillery is the production of Single Malt Whiskies, smooth as well as peated. The distillery also holds its own hotel, bar and restaurant, giving you the possibility of visiting and understanding the heritage of the products.

To create this product with the smoothest and sweetest character possible the organic wheat distillate is macerated with the best hand selected organic herbs, spices and fruits. Everything is distilled together in the unique small copper pot stills and the result hand bottled on site.

All spirits made in the distillery are bottled without any additives and without carbon- or chill filtering, which may cause cloudiness in the spirit, this should be considered as quality insurance for your benefit, as the veils are the flavour components in the spirit.
